1) If we can't get Mun returns now, we ought, I think, to get them in future — I mean returns every six months showing the arrears of revenue in each Municipality — Town & Major — in the State, for the information of Govt

I have found several instances in which large arrears have been allowed to accumulate with the result that a good portion of the revenue due to the Municipalities is rendered impossible of realisation

The responsibility for neglect of this duty must be brought home to the officers concerned, unless suitable action is taken — Systematic supervision on returns as suggested above

If the II Member agrees, a circular may be addressed to all D.C's

(2) The question of Mun accounts, I have already worked about & strong action is being taken upon it —
